### 1. 전통 명절에 하는 일

During the holidays, our whole family gets together since it is difficult to see everyone at the same time. Because of that, my parents and I take many trips to the store and spend a lot of time to prepare food. It's important to make sure that we have enough food for everyone. On the holiday, many relatives come over to my house to visit. When the holiday comes, we spend a lot of time talking about what we've been doing during the past year. There are traditional memorials. One is called 차례. We normally prepare food and bow to the picture of our ancestors on the holiday. The other is called 성묘. It usually happens next day. We visit our ancestors' graves and pay our respects.

Well, that's it. These are what we usually do on holidays.

## 2. 기억에 남는 명절 경험/가족, 친구 집 방문 경험/기억 남는 해변여행

Well, I remember visiting my uncle who lives in Busan during the last holiday. Because Busan is a famous vacation spot with beautiful beaches, I try to visit my uncle when the holiday comes. I remember when I visited my uncle a few years ago. I took the bullet train and it took me about two and a half hours. It was quite tiring, but everything changed as soon as I saw my uncle. After that, he took me to a famous restaurant. Because of its popularity, we had to wait 30 minutes to be seated. The food was great probably because we were all very hungry. After the food, we went to Haeundae Beach. We set off some firecrackers and had a great time together. Overall, I love visiting my uncle in Busan. It was definitely the best trip I have ever had.

## 3. 명절의 변화

Holidays have changed a lot since I was younger. Most family members used to gather and have dinner together. I remember my relatives coming over to my house on holidays. We spent time together and went to one of our ancestors' graves next day. But now, things have changed a lot. Since we have been busy with our lives, we don't get to meet at the same time as much as we did in the past. A few of our family members just come over for a few hours and say hello to each other. That's it. Holidays in Korea have definitely changed a lot.
