★ 1. 콘서트 티켓 문의

Hello, there. I am calling to ask you some questions about concerts tonight. I'd like to
watch a concert with my friend. So, what kinds of concerts do you have? I personally
prefer classical concerts. Are there any classical concerts tonight? If not, a pop concert
would be okay as well. So, how much does a ticket cost? Also, I wonder if you have
any promotions going on. I don't have enough money, but I really want to watch
the concert tonight. I hope it's not too expensive. I have one more question. I have
some discount coupons and I was wondering if you accept them. By the way, what
time does the concert start and how long does it take? Actually, I have to be back
home by 11pm. Will it finish before then? Please let me know as soon as possible.
Alright, thank you for your help.

Since I don't know much about the latest versions, can you give me some information? I heard you are pretty good with electronic devices, so I wonder if you have any recommendations. What kind of MP3 player do you use? I need something with a lot of storage because I have a bunch of music files. Also, what does your MP3 player look like? I want to have something small so that I can easily carry it around. Is it user-friendly? Also, I wonder where the store is located. If you have time, is it possible for you to go with me? Get back to me when you get this, okay?
Thanks, Jessie. See you later!

Well, if not, is there any public parking available nearby?

Hi, Jessie. This is John. How have you been? I'm calling to ask you some questions about our plan for this weekend. We decided to go to the park sometime this week, remember? Do you have any schedule this Saturday? I am free after the meeting at work that day. If you are too, let's go to the park this Saturday. Also, I wonder where it is located. I don't know that much about the area here, so can you give me some directions? What time does the park open and close? Since this is my first visit there, maybe it's better for us to get there earlier. By the way, is there any place to grab a bite nearby?

Okay, John, get back to me when you get this. Talk to you later.

5. 친구 생일 파티 장소 문의

Hello, John. This is Jessie. How have you been? I'm calling to ask you some questions about the bar where your party will be held.

Since this is my first time going to that bar, I don't know where it is. Where is it located? Could you tell me how to get there? If there is a parking lot, it would be better to take my car so I don't have to wait for a taxi. Also, how long does it take? I don't know anything about the bar. What kind of bar is it? Is it a traditional Korean bar or a western style pub? When does it close? Is it okay to be a little late? I might get off work late. If you plan on going for a second round, I can join you there. Alright then. Please send me the directions. Get back to me when you get this. Bye.
